

NOTICE TO CITY SUBSCRIBERS.
The Daily Democrat delivered by carrier
throughout the city will henceforth be at the
rate of twenty-five cents per week, includ-
ing the Sunday paper.

Important Notice.
Owing to the increased expense of every
article used in the printing business, and an
advance of twenty-five per cent. on the ex-
pense of composition, we are compelled to
increase the cost of the Daily Democrat.
Henceforth the Daily, by mail, will be one
dollar per month, or six dollars for six
months, or ten dollars per year—always in
advance.

Important to News Dealers.
We understand that General Sherman has
issued an order by which any person who
desires to can sell papers at the front, thus
destroying the monopoly which has so long
inconvenienced the army, and deprived it of
a full supply of papers.

CITY NEWS.

MEETING OF THE COUNCIL SATURDAY
ATTERNOON.—In accordance with the order
of Mayor Kaye, the General Council assembled
in special session at the City Hall Saturday
afternoon, at 3 o'clock. The news of the meet-
ing of the Council was spread through the
city, creating some excitement, and various
were the rumors in regard to the same, all of
which were greatly exaggerated. At 3 o'clock
both boards assembled, a large number being
in attendance.

When the Council was called to order,
a communication from the Mayor was read,
including a letter from General
Ewing, asking for 400 men to work
on the fortifications around the city of
Louisville. The message of the Mayor
asked what course he should take in regard to
the matter.

The Council then passed a resolution au-
thorizing the Mayor to employ 400 laborers to
do the work of the fortifications, in com-
pliance with this order the Mayor yesterday
advised for the same.

After this the Council adjourned to meet
next Thursday evening, the regular meeting
night.

DISASTROUS ACCIDENT ON THE LOUISVILLE
AND NASHVILLE RAILROAD.—A most disas-
trous and heartrending accident occurred on
the Louisville and Nashville road, at Lebanon
 Junction, at a very minute past twelve
o'clock yesterday, resulting in the death of
William Small, of this city. Mr. Small has
been some time employed as a brakeman
on the Louisville and Nashville railroad, and
was leaving for the latter place on the ex-
press freight train, in that capacity, at the time
of his death. When the train stopped at Leba-
non Junction he got off and lingered some
distance away until the train started. He
then ran to get on it, and in the first attempt
was thrown on the platform. He made a second
attempt to get aboard, when, the speed of the
cars having increased, he was thrown under
them, and three cars passed over his body,
completely severing it in two, causing instant
death. The deceased was but a little over
eighteen years of age, a son of George W.
Small, deceased, and was beloved by all who
knew him. His funeral will take place this
afternoon at half past five o'clock, from the
residence of his uncle, on Brook street, beyond
Broadway.

BARBAROUS NEWS.—During the past two
days a large number of business have been
sacked at Barrens No. 1. The receipts were one
hundred and fifty barrels from various
points en route for the front, eight barrels
from Cincinnati, six from Cairo, six from
Detroit, and fifty-two political prisoners
from different points. Gabriel Prewett, of
the Fifth Kentucky cavalry, was stricken at
Nashville, to be mended on and in from
his wounds; twelve to Nashville and nine to
Springfield, Illinois.

LOUISVILLE TO BE FORTIFIED.—We learn
from Colonel Fairleigh that the work on the
fortifications around this city will be com-
menced to-day. The subject of fortifying
Louisville is one which has long been dis-
cussed by the military authorities, and we are
glad to see that the work will be pushed forward
with vigor under the guidance of a skillful
engineer. There is no immediate danger of
an attack upon Louisville, and our citizens
need be no fear. The military authorities,
however, think that for the permanent occu-
pation of the city their works are necessary,
and they will therefore be erected at once.

A difficulty occurred at John Garden
yesterday, which for a time threatened to be
very serious. A number of Germans got into
a dispute in regard to some matter, when
knives and pistols were drawn, but owing to
the interference of the police, the disturbance
was quelled before any one was hurt. Three
of the ringleaders of the mob were arrested
and placed in jail by officers John Lamborne
and John Rogers.

FINE PAINTINGS, &c.—Messrs. Gilbert & Co.
will offer at auction this evening at 8 o'clock,
the largest and finest collection of oil paint-
ing, plain and steel-plate engravings, ever of-
fered in this city. The lovers of fine art
would do well to embrace the opportunity of
seeing fine pictures at low prices. The
lottery are particularly invited to attend.

In the Democrats of Saturday we men-
tioned the arrest of George Bramley
and George Tyler, who were supposed to be
guerrillas, upon the charge of stealing horses
in Spencer county, Ky. They were presented
before the Police Court on Saturday morning
and discharged, as there was no evidence to
sustain the charge.

Yesterday was an exceedingly hot day,
and we learn that two persons were struck
on Green street, near our office. They were
both properly cared for, and are now in a
fair way of recovery.

The city was exceedingly quiet yester-
day, with but little of interest transpiring in
either civil or military circles.

Wm. Ford, the attentive mail agent
on the Louisville and Nashville railroad, has
our thanks for Nashville papers.

Guerrillas on the Nashville Railroad—

Trains Fired Into.

From what we have been able to learn, we
are satisfied that the line of the Louisville and
Nashville railroad is filled with prowling
bands of guerrillas, who are scattered around
in small squads, but who have as yet made no
demonstration against the trains passing up
or down, as they are not in sufficient force to
do so, unless the different squads are concentra-
ted. The train which passed up Friday
night saw at Corns Ridge, a station some
twelve miles from this city, on the hills near
the track, some forty or fifty armed men, but
they made no demonstration against the pass-
ing train.

As the two freight trains—the regular
and extra—were proceeding from this place to
Nashville they were attacked at a point a little
distance south of Woodburn, by a party of
guerrillas. Some fifty shots were fired into
the train, but the engineer, not liking the
booming sound of the death missiles, hurried
the train forward, and passed through with
but little damage.

On the first train that passed down, which
was the regular freight, one of the brakemen,
whose name we did not learn, made a very
narrow escape. He had but lately been em-
ployed on the road, and standing near a light
the bushwhackers picked him out as a mark.
Three shots were fired at him, one of which
passed through his hat, cutting off a portion
of his hair. It is the general impression that
these bands are recruiting and procuring
horses, and that no serious demonstration
will be made against the road.

ASSAULT.—At an early hour Saturday
morning a man was found lying on
the corner of Market and Fifth streets,
weltering in his own blood, having re-
ceived two terrible cuts on the head, which
had evidently been inflicted with a club. The
man was removed from there and properly
cared for by officers McGuffee and Gilchrist,
who dressed his wounds, and then removed
him to the hospital. The officers endeavored
to ascertain his name and the manner in
which he had been wounded, but their in-
quiries were only answered by oaths. After the
man was taken to the hospital he stated that
he was from New York, and that his name
was Jones. The officers then set about to
learn the origin of the affair, when they gained
the following particulars: Jones had, at an
early hour that morning, gone to the
Ornery house, on Main, between Fourth and
Fifth streets, and called for several drinks,
which he refused to pay for. When told that
the liquor had not been paid for, he became
very abusive. He was told that he must
not talk in that manner, when the abuse was
repeated, and he attempted to get over the
counter, upon which Mr. Clark struck him
over the head with a stick, he had behind him.
Mr. Clark was entirely justified, as the
Jones came into his house and then assaulted
him. Jones is very low, though hopes are
entertained of his recovery.

FLAG OF TRUCE.—Some guerrillas Major, as
we are informed, appeared Friday night on
the back of the river opposite Evansville,
asking to communicate with the commandant
of that post; but Captain Tomblin, as we un-
derstand, peremptorily declined to hold any
communication with him.

Previously a white flag had been sent to
the guerrillas, asking of Captain Fitch a safe
conduct for Colonel or General—whichever it
is—Adam Johnson, to Frankfort, Ky., for the
purpose of having an understanding between
him and Governor Bramlette relative to the
government of Kentucky. What reply Lieut.
Commander Fitch returned, we have not as-
certained.

GUERRILLAS AT BROADWAY.—We learn that
on Saturday night a party of four men, who re-
presented themselves as guerrillas, entered the
town of Bigdow, on the Louisville and Frank-
fort railroad. As soon as they entered the
town they proceeded to the telegraph office,
where they played the operator, O. H. Rad-
ford, and then, when they were sufficiently
released. They robbed him of a small amount
of money and carried off his instruments.
We learn that they also burned the telegraph
office.

ARREST OF GUERRILLAS.—A few days since
John Martin and W. D. Schmitt, belonging
to company B, Fourth Kentucky rebel cavalry,
and Dr. Fox, of the Second rebel cavalry, were
arrested in Grant county, charged with belong-
ing to the numerous guerrilla bands, and
being in possession of arms, and also with
being commanders of the same. They were
brought to this city yesterday and con-
fined in the military prison, where they will
be kept until sent to Lexington for trial.

We learn that Lieut. C. C. Adams, of the
Fourteenth Ohio, has resigned, and that his
resignation has been accepted. Lieut. Adams
for a long time was Post Adjutant of this place,
during which time, by his courteous and gen-
tlemanly bearing, he has gained the respect
and confidence of his friends. Lieut. Adams
will leave for his home in a few days, and
his duties will be performed by a gallant
officer, and we wish him success in his
future undertaking.

FROM CUMBERLAND RIVER.—The banks of
the Cumberland river are lined with prowling
bands of guerrillas, who, owing to the ex-
treme low water in the stream, are able to
board almost every boat passing. A rumor
has reached us that the steamer Troy has
been captured and burned by guerrillas not
far below Harpeth shoals.

CONFEDERATE PRISONERS.—Very few pri-
soners or deserters came in yesterday. Among
the latter were two of Gen. Wheeler's escort,
Sergeant John D. Grooms and private James
Duckett; also two members of the Forty-
eighth Tennessee, Wm. H. Griffin and John
H. Smith, both of company K.

OWENSBORO SHELLED.—We are informed
that the guerrillas Silver Lake was fired into
from the Kentucky shore a few nights ago,
and the guerrillas promptly replied by throw-
ing three or four shells into the city, but no
harm was done, as far as we can learn.

A short time since the main water pipe
was laid through Main street. Since the pipe
has been put down the street has never been
repaired, and the merchants on the north side
of the street are put to much inconvenience.

The City Tax Collector for the Eastern
District can be found at Spiller Smith's office,
on Jefferson street, between Clay and Shelby,
every Monday afternoon from one to half past
six o'clock.

BACON & CO'S GREAT PANORAMA OF THE
WAR.—The people of New Albany will be
delighted to sight by this grand work of art,
which will be exhibited there at Woodward
Hall.

Capt. C. Drew. We learn, has been
commissioned a Quartermaster in the army,
and has resigned the office of Provost Marshal
at Evansville.

We publish upon the fourth page this
morning a number of city ordinances of inter-
est, to which we call the attention of citizens.

It is James H. Edwards in the city he
will please call at the Portland Hotel, in Port
land, as his father desires to see him.

The morning line of boats for Cincin-
nati now leaves at 11 o'clock; leaves at 12.

FROM WHITE RIVER.—From a gentleman
who has just arrived from below we learn the
following particulars in regard to White River:
That stream is completely blocked by the
rebels from Marmaduke, and no boats
are able to ascend. At the time he left
there were eight or ten steamers lying
upstream, waiting the arrival of gas-boats
to accompany them up that stream. The force
there under Marmaduke's aid to be very
mild.

The Rev. William Henry Halper, M.
A., late of Youghal, Ireland, has been ap-
pointed classical Professor of the Har-
vard University, London, C. W., and is
now in New York, en route to his
future residence. Mr. H. has had much
celebrity in Ireland as one of the best
classical scholars sent forth by Trinity
College, Dublin. Lieutenant Colonel Hal-
per, the famous "Miles O'Reilly," Adjutant
General of the Sherbrooke Regiment, is his
brother.

On the night of July 28 a destructive
fire occurred in Petrusburg, Indiana, which
destroyed a fine building, including a loss of
\$12,000. The fire was supposed to have been
the work of an incendiary. A refugee named
Jefferson Harris, who had made threats, was
arrested, but was discharged for want of evi-
dence of his guilt. He was notified to leave
the place.

Very destructive fires have been raging
in the woods of Maine for some time past.
On the 20th ult. the fire, fanned by a gale,
swept upon the village of Simons Brook, and
destroyed nearly the whole place—upwards of
twenty-five buildings. Many sheep and cattle
in the vicinity were also burned.

Dr. Osgood's church, in New York, has
been sold, and A. T. Stewart, who seems dis-
posed to lay his hands on every church he can
secure, has become the purchaser. He offers it
for rent by the day or by the month.

The contrabands and refugees in the
city of St. Louis number ten thousand.
The Chief Quartermaster, Col. Myers, is hav-
ing an immense wooden barracks put up for
their accommodation.

We learn that Col. John Boyle, Adjutant
of the State, has resigned.

THE MESSIAH AND FOUR VAPORS

Generated by the human will, but more deadly to our
Volunteers than the enemy's bayonets, in the Indian
and Crimean campaigns, HOLLOWAY'S PILLS were
used in enormous quantities. They kept the troops in
perfect health.

If the reader of this "notice" cannot get a box
of pills or Ointment from the drug store in his place, let
him write to us, 40 Madison Lane, London, England, and
we will send him a box free of expense. Many doctors
will not keep any medicine on hand because they cannot
make as much profit as on other people's "pills." 75
